

NURSING INSTITUTION-LTC EMPLOYER PARTNERSHIPS as of 11/08

Over the past few years over 60 nursing facilities have partnered with community colleges and vocational technical schools to provide “proprietary” nursing programs for their employees– from Certified Nursing Assistants (CNAs) to Licensed Practical Nurses (LPNs), and LPNs to Associate Degree Registered Nurses (ADNs). Most of these partnerships originated from Extended Care Career Ladder Initiative (ECCLI) projects and include “Bridge to Nursing” programs to better prepare CNAs to enroll and succeed in LPN programs.

Below is a list of the multiple partnerships that have occurred across the state. **Bolded** institutions indicate that the formal partnership is currently ongoing.

<u>Educational Institution</u>	<u>Program</u>	<u>Employer Partners</u>
Berkshire Community College	CNA to LPN	Berkshire Healthcare Systems:
	LPN to RN	Mt. Greylock Extended Care
